ENHANCE THE DOWNTOWN  
ALLEYWAY WITH NEW  
BENCHES AND PLANTER BOXES

An architectural rendering of a courtyard or alleyway. The scene is viewed from a low angle, looking down a paved path. On the left, a light-colored wall features a mural of a person on a horse. In the foreground, there's a wooden planter box with tall grasses and a small table with two chairs. On the right, a brick wall has a white downspout and a wooden barrel on a stand. Multiple strings of teardrop-shaped lights are strung across the path. In the center, two grey silhouettes of people are walking away. The sky is a clear, light blue.
